ACCOMMODATION

An important component of this course is getting to know Western Australia people through their life and culture. Aspect has specially selected families to host the participants in this programme. To find the best family best suited to the student's need, it is important that as much information about specific requests or needs is given at the enrolment stage. Our staff will work hard to accommodate these when selecting the best host family.

After four weeks living with their family, students often that they become very close to their family and often remain friends for life!

For students not wanting to stay in our homestay accommodation, we can also suggest other types of accommodation, such as studio apartment, motel or hotels. Students are responsible for making their own bookings.

STUDENT SUPPORT

In our Perth campus, there are staffs dedicated to student welfare. Any time students need assistance in adapting to life in Western Australia, be it with regard to the host family or the course, our accommodation and welfare staff and academic staff will be available to counsel the students.

WHY PERTH, WESTERN AUSTRALIA
